of Correction

I hereby certify that this correspondence is being deposited with the United States Postal Service as First Class Mail in an envelope addressed to:

Thomas A. Hodge - Reg. 22,602

The Certificate of Correction is necessary due to a mistake by the U.S. Patent and Trademark Office in the printing of this patent. The mistake occurs in Item (22) on the cover page of the patent, where the date "Jan. 22, 2002" should be corrected to ---Jan. 22, 2003---.

The correct filing date of the prior International Application No. PCT/IE03/00008 is January 22, 2003, as shown on page 1 of the Declaration and Power of Attorney document filed in Application No. 10/502,509. A copy of that document is enclosed.

In preparing this Request, patentee's attorney Thomas A. Hodge has recognized that the Filing Receipt for Application No. 10/502,509 also shows the incorrect filing date of 01/22/2002. This error by the U.S. Patent and Trademark Office was not recognized earlier. A copy of the Filing Receipt is enclosed.

Therefore, correction of this patent is requested.

A form for the Certificate of Correction is enclosed.

No fees are believed necessary for this request. However the Commissioner is authorized to charge any fees which are due in connection with this document to Deposit Account no. 11-0553.

Respectfully submitted,

A handwritten signature in black ink, reading "Thomas A. Hodge". The signature is stylized with a large, sweeping "T" and "H".

Title 37, Code of Federal Regulations, 5.11 & 5.15**

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
